2026 Roadmap

Shared roadmap: building the next phase together.

H1

Advanced anomaly detection

Real-time statistical and ML-driven outlier surfacing across ingested streams.

H1

Multi-region data residency

EU + APAC primary regions with compliance-aligned routing.

H2

Native LLM integration

First-class primitives for semantic search, retrieval, and grounded Q&A.

H2

Expanded EMEA coverage

Regional support coverage and a named CSM for the EMEA business unit.

Renewal and partnership

A proposal designed for the next phase of the partnership.

PROPOSED

3-year renewal with locked-in rates

Price certainty through 2029. No annual increases.

EXPANDED ACCESS

EMEA business unit rollout

Extend platform coverage to the EMEA BU, with regional support.

EXECUTIVE SPONSOR PROGRAM

Named executive sponsors on both sides

Quarterly executive cadence; priority access for roadmap input.
